

Device Compatibility

Any Garmin watch with **Bluetooth HR Broadcasting** (also called '**Broadcast Heart Rate**') can connect in real time.

This includes:

- Forerunner 245, 255, 265, 745, 945, 955, 965, 970
- Fenix 6, 7, 7 Pro, 8, 8 Pro series
- Epix Gen 2 and Pro
- Venu 2, 2 Plus, 3, 4 series
- Vivoactive 4 and 5
- Enduro 2 and 3
- MARQ Gen 2 series
- Tactix 7 and 8

Older Garmin models and entry-level models such as Forerunner 45, Vivofit, Vivosmart series may not support Bluetooth Broadcasting.

All Garmin devices that connect to Garmin Connect will still sync workouts automatically.

For a full list of Garmin watches that have this feature, refer to support.garmin.com or your Garmin model's specs to confirm.
